**PROXY STATEMENT
2011 ANNUAL MEETING OF STOCKHOLDERS
TO BE HELD AUGUST 31, 2011**

The Board of Directors of Cowen Group, Inc., or the Company, is soliciting proxies for use at the annual meeting of stockholders to be held on August 31, 2011 at 599 Lexington Avenue, 20th Floor, New York, New York, and at any adjournment or postponement of the meeting. This proxy statement and the enclosed proxy card are first being mailed or given to stockholders on or about August 4, 2011.

QUESTIONS AND ANSWERS ABOUT THE ANNUAL MEETING AND VOTING

What is the purpose of the meeting?

At our annual meeting, stockholders will act upon the matters outlined in the Notice of Annual Meeting of Stockholders. These include the election of directors, ratification of the selection of our independent registered public accounting firm for 2011, an advisory vote to approve the compensation of our named executive officers and an advisory vote on the frequency of advisory votes to approve the compensation of our named executive officers. Also, management will report on matters of current interest to our stockholders and respond to questions from our stockholders.

Who is entitled to vote at the meeting?

The Board has set July 25, 2011 as the record date for the annual meeting. If you were a stockholder of record at the close of business on July 25, 2011, you are entitled to vote at the meeting. As of the record date, 116,248,689 shares of Class A common stock, representing all of our voting stock, were issued and outstanding and, therefore, eligible to vote at the meeting.

What are my voting rights?

Holders of our Class A common stock are entitled to one vote per share. There are currently no shares of our non-voting Class B common stock outstanding. Therefore, a total of 116,248,689 votes are entitled to be cast at the meeting. There is no cumulative voting.

How many shares must be present to hold the meeting?

In accordance with our bylaws, shares equal to a majority of our capital stock issued and outstanding and entitled to vote as of the record date must be present at the annual meeting in order to hold the meeting and conduct business. This is called a quorum. Shares are counted as present at the meeting if:

- you are present and vote in person at the meeting; or
- you have properly and timely submitted your proxy as described below under “How do I submit my proxy?”

What is a proxy?

It is your designation of another person to vote stock you own. That other person is called a proxy. If you designate someone as your proxy in a written document, that document is also called a proxy or a proxy card. When you designate a proxy, you also may direct the proxy how to vote your shares. We refer to this as your “proxy vote.” Two of our officers, Peter A. Cohen, our Chairman and Chief Executive Officer, and Owen S. Littman, our General Counsel and Secretary, have been designated as proxies for our 2011 annual meeting of stockholders.

What is a proxy statement?

It is a document that we are required to give you, in accordance with regulations promulgated by the Securities and Exchange Commission, or the SEC, when we ask you to designate proxies to vote your shares of Cowen Group, Inc. Class A common stock at a meeting of our stockholders. The proxy statement includes information regarding the matters to be acted upon at the meeting and certain other information required by regulations promulgated by the SEC and rules of the Nasdaq Stock Market.

What is the difference between a stockholder of record and a “street name” holder?

If your shares are registered directly in your name, you are considered the stockholder of record with respect to those shares. If your shares are held in a stock brokerage account or by a bank, trust or other nominee, then the broker, bank, trust or other nominee is considered to be the stockholder of record with respect to those shares, while you are considered to be the beneficial owner of those shares. In the latter case, your shares are said to be held in “street name.” Street name holders generally cannot vote their shares directly and must instead instruct the broker, bank, trust or other nominee how to vote their shares using the method described below under “How do I submit my proxy?”

How do I submit my proxy?

If you are a stockholder of record or if you hold restricted stock, you can submit a proxy to be voted at the meeting in any of the following ways:

- electronically, using the Internet;
- over the telephone by calling a toll-free number; or
- by completing, signing and mailing the enclosed proxy card.

If you hold your shares in street name, you can vote your shares in the manner prescribed by your broker, bank, trust company or other nominee. Your broker, bank, trust company or other nominee has enclosed or otherwise provided a voting instruction card for you to use in directing the broker, bank, trust company or other nominee how to vote your shares.

What does it mean if I receive more than one set of proxy materials?

If you receive more than one set of proxy materials or multiple control numbers for use in submitting your proxy, it means that you hold shares registered in more than one account. To ensure that all of your shares are voted, sign and return each proxy card or voting instruction card you receive or, if you submit your proxy by Internet or telephone, vote once for each card or control number you receive

Can I vote my shares in person at the meeting?

If you are a stockholder of record, you may vote your shares in person at the meeting by completing a ballot at the meeting. Even if you currently plan to attend the meeting, we recommend that you also submit your proxy as described above so your vote will be counted if you later decide not to attend the meeting. If you submit your vote by proxy and later decide to vote in person at the annual meeting, the vote you submit at the meeting will override your proxy vote.

If you are a street name holder, you may vote your shares in person at the meeting only if you obtain and bring to the meeting a signed letter or other form of proxy from your broker, bank, trust or other nominee giving you the right to vote the shares at the meeting.

How does the Board recommend that I vote?

The Board of Directors recommends a vote:

- **FOR** all of the nominees for director;
- **FOR** the ratification of the selection of PricewaterhouseCoopers LLP as the independent registered public accounting firm of Cowen Group, Inc. for the year ending December 31, 2011;
- **FOR** the advisory approval of the compensation of our named executive officers included in this proxy statement; and
- **THREE YEARS** for the advisory vote on the frequency of future advisory votes to approve the compensation of our named executive officers.

What if I do not specify how I want my shares voted?

If you are a stockholder of record or a holder of restricted stock and you submit a signed proxy card or submit your proxy by Internet or telephone but do not specify how you want to vote your shares on a particular manner, we will vote your shares:

- **FOR** all of the nominees for director;
- **FOR** the ratification of the selection of PricewaterhouseCoopers LLP as the independent registered public accounting firm of Cowen Group, Inc. for the year ending December 31, 2011;
- **FOR** the advisory approval of the compensation of our named executive officers included in this proxy statement; and
- **THREE YEARS** for the advisory vote on the frequency of future advisory votes to approve the compensation of our named executive officers.

Your vote is important. We urge you to vote, or to instruct your broker, bank, trust or other nominee how to vote, on all matters before the annual meeting. If you are a street name holder and fail to instruct the stockholder of record how you want to vote your shares on a particular matter, those shares are considered to be “uninstructed.” New York Stock Exchange rules determine the circumstances under which member brokers of the New York Stock Exchange may exercise discretion to vote “uninstructed” shares held by them on behalf of their clients who are street name holders. These rules generally permit member brokers to exercise voting discretion with respect to uninstructed shares only on certain routine matters, including the ratification of the selection of a company’s independent registered public accounting firm, however, recent changes in regulation were made to take away the ability of your bank, broker or other record holder to vote your uninstructed shares in the election of directors on a discretionary basis. The rules do *not* permit member brokers to exercise voting discretion with respect to the election of directors, the advisory vote to approve the compensation of our named executive officers or the advisory vote on the frequency of future advisory votes to approve the compensation of our named executive officers. Therefore, member brokers may not vote uninstructed shares on the election of directors, the advisory vote to approve the compensation of our named executive officers or the advisory vote on the frequency of future advisory votes to approve the compensation of our named executive officers. An uninstructed share that is not voted by a broker, bank or other nominee is sometimes referred to as a “broker non-vote.” A broker non-vote will not have any effect on the approval or rejection of the proposal. For more information regarding the effect of broker non-votes on the outcome of the vote, see below under “How are votes counted?”

Can I change or revoke my vote after submitting my proxy?

Yes. If you are a record holder or a holder of restricted stock, you may revoke your proxy and change your vote at any time before your proxy is voted at the annual meeting, in any of the following ways:

- by submitting a later-dated proxy by Internet or telephone before the deadline stated on the enclosed proxy card;
- by submitting a later-dated proxy to the corporate secretary of the Company, which must be received by us before the time of the annual meeting;
- by sending a written notice of revocation to the corporate secretary of the Company, which must be received by us before the time of the annual meeting; or
- by voting in person at the meeting.

If you are a street name holder, please refer to the voting instructions provided to you by your broker, bank, trust company or other nominee.

What vote is required to approve each item of business included in the notice of meeting?

Proposal 1: Election of Directors

The eight nominees for director will be elected by an affirmative vote of a majority of the votes cast by holders of our Class A common stock present in person or by proxy and entitled to vote on the proposal at the Annual Meeting.

Proposal 2: Ratification of the Selection of Our Independent Public Accountant

To be approved by our stockholders, this proposal requires the affirmative vote of a majority of the votes cast by holders of our Class A common stock present in person or by proxy and entitled to vote on the proposal at the Annual Meeting.

Proposal 3: Advisory Vote on Executive Compensation

If the advisory vote on the compensation of our named executive officers included in this proxy statement receives more votes “for” than “against,” then it will be deemed to be approved.

Proposal 4: Advisory Vote on the Frequency of Advisory Votes on Executive Compensation

The frequency of the advisory vote to approve the compensation of our named executive officers on compensation receiving the highest number of votes (one, two or three years) by stockholders will be considered the frequency recommended by stockholders.

The advisory votes on the compensation of our named executive officers and the frequency of future advisory votes on the compensation of our named executive officers are not binding on the Company or the Board, but we will consider the stockholders’ advisory input on these matters when establishing compensation of our executive officers in future years and recommending the frequency of future advisory votes on executive compensation.

How are votes counted?

You may either vote “FOR” or “WITHHOLD” authority to vote for each director nominee. You may vote “FOR,” “AGAINST” or “ABSTAIN” on the ratification of the selection of PricewaterhouseCoopers LLP as our independent auditor for the year ending December 31, 2011 and

the advisory vote on the compensation of our named executive officers. You may vote “ONE YEAR,” “TWO YEARS,” “THREE YEARS” or “ABSTAIN” on the advisory vote on the frequency of advisory votes to approve the compensation of our named executive officers. If you properly submit your proxy but withhold authority to vote for one or more director nominees or abstain from voting on the other proposals, your shares will be counted for purposes of determining both (i) the presence or absence of a quorum for the transaction of business and (ii) the total number of shares present in person or by proxy at the Annual Meeting with respect to a proposal, and, therefore, will have the effect of votes against the proposal. If you do not submit your proxy or voting instructions and also do not vote by ballot at the annual meeting, your shares will not be counted as present at the meeting for the purpose of determining either (i) the presence or absence of a quorum for the transaction of business and (ii) the total number of shares present in person or by proxy at the Annual Meeting with respect to a proposal unless you hold your shares in street name and the broker, bank, trust or other nominee has discretion to vote your shares and does so. For the avoidance of doubt, broker non-votes will be counted for purposes of determining the presence or absence of a quorum for the transaction of business at the Annual Meeting but will have no effect on the outcome of the vote for any proposal. For more information regarding discretionary voting, see the information above under “What if I do not specify how I want my shares voted?”

What constitutes a quorum for the meeting?

Under Delaware law and the Company’s by-laws, the presence of a quorum is required to transact business at the Annual Meeting. A quorum is defined as any number of stockholders, together holding at least a majority of the capital stock of the Company issued and outstanding and entitled to vote, who shall be present in person or represented by proxy at the Annual Meeting.

Will my vote be kept confidential?

Yes. We have procedures to ensure that, regardless of whether you vote by Internet, telephone, mail or in person:

- all proxies, ballots and voting tabulations that identify stockholders are kept permanently confidential, except as disclosure may be required by federal or state law or expressly permitted by a stockholder; and
- voting tabulations are performed by an independent third party.

How can I attend the meeting?

All of our stockholders are invited to attend the annual meeting. You may be asked to present valid photo identification, such as a driver’s license or passport, before being admitted to the meeting. If you hold your shares in street name, you also may be asked to present proof of ownership to be admitted to the meeting. A brokerage statement or letter from your broker, bank, trust or other nominee proving ownership of the shares on July 25, 2011, the record date, are examples of proof of ownership.

To help us plan for the meeting, please let us know whether you expect to attend, by responding affirmatively when prompted during Internet or telephone voting or by marking the attendance box on the proxy card.

Who pays for the cost of proxy preparation and solicitation?

Cowen Group, Inc. pays for the cost of proxy preparation and solicitation, including the reasonable charges and expenses of brokerage firms, banks, trusts or other nominees for forwarding proxy materials to street name holders. We are soliciting proxies primarily by mail. In addition, our directors, officers and regular employees may solicit proxies by telephone or facsimile or personally. Our directors, officers and regular employees will receive no additional compensation for their services other than their regular compensation.

ITEM 1—ELECTION OF DIRECTORS

The number of directors currently serving on our Board of Directors is eight. On June 28, 2011, Cowen Group, Inc. (the “Company”) announced that it had completed the transactions (the “Transactions”) contemplated by the Agreement and Plan of Merger (the “Merger Agreement”), dated as of February 16, 2011, by and among the Company, Louisiana Merger Sub, Inc. (“Merger Sub”), a subsidiary of the Company, and LaBranche & Co Inc. (“LaBranche”). In connection therewith, Katherine Elizabeth Dietze and George M.L. LaBranche, IV, former directors of LaBranche, were appointed to our Board of Directors upon the completion of the Transactions. LaBranche for election as a director by stockholders at our Annual Meeting for the first time. Each of the nominees has agreed to serve as a director if elected. If, for any reason, any nominee becomes unable to serve before the annual meeting occurs, the persons named as proxies may vote your shares for a substitute nominee selected by our Board of Directors.

If all director nominees are elected at our Annual Meeting, the Board will consist of eight directors.

The Board of Directors recommends a vote FOR the election of the director nominees. Proxies will be voted FOR the election of the nominees unless otherwise specified.

Each nominee to our Board of Directors brings unique capabilities to the Board. The Board believes that the nominees as a group have the experience and skills in areas such as business management, strategic development, corporate governance, leadership development, asset management, investment banking, finance and risk management and other relevant experience required to build a Board that is effective and responsive to the needs of the Company. Corporate Governance Guidelines

Our Board has adopted corporate governance guidelines to assist in the exercise of its duties and responsibilities and to serve the best interests of the Company and our stockholders. These guidelines, which provide a framework for the conduct of the Board's business, provide that:

- the Board's goal is to oversee and direct management in building long-term value for the Company's stockholders;
- a majority of the members of the Board shall be independent directors;
- the independent directors shall meet regularly in executive session;
- directors have access to management and, as appropriate, to the Company's outside advisors;
- new directors participate in an orientation program and all directors are expected to participate in continuing director education on an ongoing basis; and
- at least annually, the Board and its committees conduct a self-evaluation to determine whether they are functioning effectively.

Director Independence

Under applicable Nasdaq Stock Market rules, a director will only qualify as an "independent director" if, in the opinion of our Board, that person does not have a relationship which would interfere with the exercise of independent judgment in carrying out the responsibilities of a director.

Our Board has determined that none of Ms. Dietze, nor Messrs. Kotler, Markowitz, Nusbaum, Toffolon or Wright currently has a relationship that would interfere with the exercise of independent judgment in carrying out the responsibilities of a director and that each of these directors is an "independent director" as defined under Rule 4200(a)(15) of the Nasdaq Stock Market, Inc. Marketplace Rules.

Messrs. Cohen and LaBranche cannot be considered independent directors under Nasdaq Stock Market rules because Mr. Cohen is employed as our Chief Executive Officer and Mr. LaBranche is employed as a Senior Managing Director of the Company. Therefore, the Board of Directors has determined that six of our eight director nominees are independent.

Board Leadership Structure

Mr. Cohen serves in the combined roles of chairman and chief executive officer. We believe that Mr. Cohen's combined service as chairman and chief executive officer provides the Company with (i) a

unified strategic and operating focus, (ii) the benefit of clarity in the management structure of the organization, and (iii) consistency of communications to shareholders, customers, regulators and other constituencies. This structure also best assures that the leader of the organization is closely connected with both the Company's senior level managers and the Board and is therefore better able to appreciate and balance the perspectives of both groups. To establish a liaison between the non-management directors and the Chairman and CEO and thus facilitate effective communication between them, as well as to facilitate the deliberations of the non-management directors in executive session, the Board also appoints a lead director who is independent. This position is currently held by Mr. Markowitz.

The Board's Role in Risk Oversight

Our Board's oversight of our risk management processes is effected primarily through our Audit Committee. Our Audit Committee periodically meets with senior executives responsible for risk oversight to review and discuss the material risks facing the Company, including operational, market, credit, liquidity, legal and regulatory risks, and to assess whether management has reasonable controls in place to address these risks. The Audit Committee is also responsible for ensuring that management has established processes and an enterprise risk management framework and governance structures designed to identify, bring to the Board's and/or the Audit Committee's attention, and appropriately manage, monitor, control and report exposures to the major risks affecting Cowen Group. In addition to the Audit Committee, the Compensation Committee separately reviews and discusses with management whether our compensation arrangements are consistent with effective controls and sound risk management. The Board evaluates the Company's risk profile on a quarterly basis.

Board Meetings and Attendance

Our Board met ten times from January 1, 2010 through December 31, 2010. Each director attended at least 75% of the aggregate number of Board meetings and the number of meetings held by all committees on which he then served.

Director Attendance at Annual Meeting of Stockholders

Our Corporate Governance Guidelines provide that directors are invited and encouraged to attend the annual meeting of stockholders. Seven directors attended the 2010 Annual Meeting of Stockholders.

Committees of the Board

Our Board has established three standing committees—Audit, Compensation, and Nominating and Corporate Governance—each of which operates under a charter that has been approved by our Board. Current copies of each committee's charter are posted on the investor relations section of our website, www.cowen.com. Alternatively, you can request a copy of these documents by writing to Cowen Group, Inc., Attn: Corporate Secretary, 599 Lexington Avenue, New York, NY, 10022.

The current members of our Audit Committee are Mr. Toffolon, (Chairperson), Ms. Dietze, and Mr. Wright. At year-end 2010, our Audit Committee was comprised of Messrs. Toffolon (Chairperson), Kotler and Wright. Our Board of Directors has determined that Mr. Toffolon is an "audit committee financial expert" as defined by applicable SEC rules. Our Audit Committee met nine times from January 1, 2010 through December 31, 2010.

The processes and procedures followed by our Compensation Committee in considering and determining executive and director compensation are described below under the heading "Director Compensation" on page 15 and in the Compensation Discussion and Analysis section beginning on page 17.

The current members of our Compensation Committee are Messrs. Markowitz (Chairperson), Kotler and Toffolon. At year-end 2010, our Compensation Committee was comprised of Messrs. Markowitz (Chairperson) and Toffolon. Our Compensation Committee met seven times from January 1, 2010 through December 31, 2010 and acted by unanimous written consent twice.

Nominating and Corporate Governance Committee

The Nominating and Corporate Governance Committee's responsibilities include:

- assisting in identifying, recruiting and interviewing director candidates, including persons suggested by stockholders;
- reviewing the background and qualifications of individuals being considered as director candidates;
- recommending to the Board the director nominees for election;
- annually reviewing with the Board the composition of the Board as a whole;
- recommending to the Board the size and composition of each standing committee of the Board;
- annually reviewing committee assignments and the policy with respect to the rotation of committee memberships and/or chairmanships;
- making recommendations on the frequency and structure of Board meetings;
- monitoring the functioning of the committees of the Board;

- overseeing the self-evaluation of the Board as a whole and the self-evaluation of each Board committee.

The processes and procedures followed by the Nominating and Corporate Governance Committee in identifying and evaluating director candidates are described below under the heading "Director Nomination Process" on page 13 of this proxy statement.

The current members of our Nominating and Corporate Governance Committee are Messrs. Nusbaum (Chairperson) and Kotler. Our Nominating and Corporate Governance Committee met two times from January 1, 2010 through December 31, 2010.

Our Board has determined that all of the members of the Board's Audit Committee, Compensation Committee and Nominating and Corporate Governance Committee are independent as defined under the rules of the Nasdaq Stock Market, and the independence requirements contemplated by Rule 10A-3 under the Securities Exchange Act of 1934, or the Exchange Act, as applicable.

Executive and Director Compensation Processes

For a discussion of our process relating to executive officer compensation, please see "Compensation Discussion and Analysis" included elsewhere in this proxy statement.

The Compensation Committee is responsible for periodically reviewing the level and form of compensation of our non-employee directors, including how such compensation compares to director compensation of companies of comparable size, industry and complexity, and for making recommendations to the Board with respect to such compensation. For a description of the annual compensation paid to each non-employee director, please see "Compensation Program for Non-Employee Directors" below.

The Board has delegated to a New Hire Retention Award Committee limited authority to grant equity awards under our existing equity compensation plans. Mr. Cohen is the sole member of the New Hire Retention Award Committee. The New Hire Retention Award Committee may only grant equity awards in connection with the hiring of new employees, the retention of existing employees and in connection with significant promotions. The New Hire Retention Award Committee may not grant or modify awards to named executive officers or certain other senior employees. Subject to aggregate and individual share limitations established by the Board, the New Hire Retention Award Committee has the authority to determine the recipient of the award as well as the type and amount of the award.

Director Nomination Process

The process to be followed by our Nominating and Corporate Governance Committee to identify and evaluate Director candidates includes requests to Board members and others for recommendations, meetings from time to time to evaluate biographical information and background material relating to potential candidates and interviews of selected candidates by members of the Committee and the Board.

In considering whether to recommend any particular candidate for inclusion in the Board's slate of recommended Director nominees, our Nominating and Corporate Governance Committee will apply the criteria set forth in the Committee's charter and in our Corporate Governance Guidelines. These criteria include the candidate's experience, skills, expertise, diversity, integrity, character, business judgment, time availability, dedication, age, conflicts of interest, reputation for honesty and ethical conduct, material relationships with the Company and independence from management and the Company. The Committee will not assign specific weights to particular criteria and no particular criterion is a prerequisite for each prospective nominee. Our Board believes that the backgrounds and qualifications of its Directors, considered as a group, should provide a composite mix of experience, knowledge and abilities that will allow it to fulfill its responsibilities. Our Corporate Governance Guidelines require that if there is a significant change in a Director's primary job responsibilities, that director must notify the Board of Directors and the Nominating and Corporate Governance Committee. The Nominating and Corporate Governance Committee may recommend to the Board that the director tender his or her resignation. In addition, our Corporate Governance Guidelines require that any Director attaining the age of 75 must annually tender his or her proposed retirement from the Board, and the Nominating and Corporate Governance Committee shall recommend to the Board whether it should accept such proposed retirement or request that the director continue to serve on the Board.

Stockholders may recommend individuals to our Nominating and Corporate Governance Committee for consideration as potential director candidates by submitting to the Nominating and Corporate Governance Committee the proposed director's name, age, business address, principal occupation and principal qualifications. The stockholder making the recommendation must include a statement as to the amount of shares beneficially owned by the stockholder and a statement as to whether the proposed director has consented to serve as a director if elected. Stockholders should send all notices to the Nominating and Corporate Governance Committee, c/o Corporate Secretary, Cowen Group, Inc., 599 Lexington Avenue, New York, NY, 10022. Stockholders may make recommendations at any time, but recommendations for consideration as nominees at the next annual meeting of stockholders must be received not less than 120 days before the first anniversary of the date that the proxy statement was first mailed to stockholders in connection with the previous year's annual meeting. Assuming that appropriate biographical and background material has been provided on a timely basis, the Nominating and Corporate Governance Committee will evaluate stockholder-recommended candidates by following the same process, and applying the same criteria, as it follows for candidates submitted by others. If the Board determines to nominate a stockholder-recommended candidate and recommends his or her election, then his or her name will be included in the Company's proxy card for the next annual meeting.

Stockholders also have the right under our bylaws to directly nominate director candidates, without any action or recommendation on the part of the Nominating and Corporate Governance Committee or the Board, by following the procedures set forth under "Procedures for Nominating Director Candidates."

At the Annual Meeting, stockholders will be asked to consider the re-election of Messrs. Cohen, Kotler, Markowitz, Toffolon and Wright and to elect Ms. Dietze and Mr. LaBranche to the Board for

the first time. Ms. Dietze and Mr. LaBranche were each appointed to our Board following the closing of the Transactions.

Procedures for Nominating Director Candidates

Stockholders may directly nominate a person for election to our Board by complying with the procedures set forth in Article III, Section 3 of our bylaws, and with the rules and regulations of the SEC. Under our bylaws, only persons nominated in accordance with the procedures set forth in the bylaws will be eligible to serve as directors. In order to nominate a candidate for service as a director, you must be a stockholder at the time you give the Board notice of your nomination, and you must be entitled to vote for the election of directors at the meeting at which your nominee will be considered. In accordance with our bylaws, director nominations generally must be made pursuant to notice to our Corporate Secretary delivered to or mailed and received at our principal executive offices at 599 Lexington Avenue, New York, NY, 10022, not later than the 90th day, nor earlier than the 120th day, prior to the first anniversary of the prior year's annual meeting of stockholders. However, since the date of this year's annual meeting of stockholders is more than 30 days from the anniversary of last year's annual meeting of stockholders, the deadline for receipt of notice of director nominations from a stockholder pursuant to our bylaws is August 13, 2011. Your notice must set forth (i) the name, age, business address and residence address of the nominee, (ii) the principal occupation or employment of the nominee, (iii) the class or series and number of shares of capital stock of Cowen Group, Inc. owned beneficially or of record by the nominee, and (iv) all other information relating to the nominee that is required to be disclosed in solicitations of proxies for the election of directors in an election contest, or is otherwise required, in each case pursuant to Section 14 of the Exchange Act and the rules and regulations promulgated thereunder.

Procedures for Contacting the Board of Directors

Our Board will give appropriate attention to written communications that are submitted by stockholders, and will respond if and as appropriate. The Chairman of the Board of Directors, with the assistance of our General Counsel, is primarily responsible for monitoring communications from stockholders and for providing copies or summaries to the other directors as he considers appropriate.

Communications are forwarded to all directors if they relate to important substantive matters and include suggestions or comments that the General Counsel considers to be important for the directors to know. In general, communications relating to corporate governance and corporate strategy are more likely to be forwarded than communications relating to ordinary business affairs, personal grievances and matters as to which we receive repetitive or duplicative communications.

Stockholders who wish to send communications on any topic to our Board should address such communications to Board of Directors, c/o Corporate Secretary, Cowen Group, Inc., 599 Lexington Avenue, New York, NY, 10022.

Code of Business Conduct and Ethics

We have adopted a written code of business conduct and ethics that applies to our directors, officers and employees, including our principal executive officer, principal financial officer, principal accounting officer or controller, or persons performing similar functions. We have posted a current copy of the code on our website, www.cowen.com. In addition, we intend to post on our website all disclosures that are required by law or Nasdaq Stock Market listing standards concerning any amendments to, or waivers from, any provision of the code. You may also request a copy of the code by writing to Cowen Group, Inc., Attn: Corporate Secretary, 599 Lexington Avenue, New York, NY 10022.

EXECUTIVE COMPENSATION COMPENSATION DISCUSSION AND ANALYSIS

Our “named executive officers” for 2010 consist of the following individuals:

- Peter A. Cohen, who serves as our Chairman, Chief Executive Officer and President;
- Stephen A. Lasota, who serves as our Chief Financial Officer;
- David M. Malcolm, who served as the Chief Executive Officer and President of Cowen and Company, LLC, our broker-dealer subsidiary and ceased to be an executive officer as of December 15, 2010;
- Jeffrey M. Solomon, who serves as our Chief Operating Officer and Head of Investment Banking;
- Morgan B. Stark, who serves as the Chairman of Ramius Alternative Investments and Head of Macro Trading Strategy; and
- Thomas W. Strauss, who serves as the Chief Executive Officer and President of Ramius Alternative Investments.

Compensation Philosophy and Objectives

Our compensation program, including compensation of our named executive officers, is designed to achieve three objectives:

- ***Pay for Performance.*** A significant portion of the total compensation paid to each named executive officer is variable. The amount of compensation paid is determined based on: (i) the performance of the Company on an absolute basis through a comparison of our results to competitor firms; (ii) an evaluation of each executive officer’s contribution to the Company; and (iii) his performance against individualized qualitative goals.
- ***Align Executive Officers’ Interests with Stockholders’ Interests.*** We believe that deferred equity aligns the interests of our executive officers with those of our stockholders and ensures that our employees are focused on the long-term performance of the Company. In connection with fiscal 2010 bonus payments, most employees earning at least \$225,000 in total compensation for the year, including all of our current named executive officers with the exception of Mr. Cohen, received a portion of their bonus in deferred equity, subject to service-based vesting requirements. Mr. Cohen, who declined a performance-based cash bonus award for 2010, received an award of 217,391 restricted stock units in March 2011, as recommended by the Compensation Committee. Pursuant to a deferred equity grid approved by the Compensation Committee, the percentage of total compensation paid in deferred equity increases as total compensation increases. The Compensation Committee believes that the payment of a significant portion of an employee’s compensation in the form of deferred equity properly aligns the employee’s interests with those of the Company’s stockholders and effectively mitigates any risks associated with the Company’s compensation practices.
- ***Recruiting and Retention.*** We operate in an intensely competitive industry, and we believe that our success is closely related to our recruiting and retention of highly talented employees and a strong management team. We try to keep our compensation program comparable to industry practices so that we can continue to recruit and retain talented executive officers and employees.

In addition to the objectives noted above, we seek to achieve an appropriate ratio of compensation and benefits expense to revenue on a Company-wide basis, based on the ongoing mix of revenue between broker dealer products, investment management products and revenue generated on our invested capital. We believe that we can lower the ratio without affecting our other objectives as we grow our assets under management and we experience a more robust investment banking environment.

In addition to the objectives noted above, we seek to achieve an appropriate ratio of compensation and benefits expense to revenue on a Company-wide basis, based on the ongoing mix of revenue between broker dealer products, investment management products and revenue generated on our invested capital. We believe that we can lower the ratio without affecting our other objectives as we grow our assets under management and we experience a more robust investment banking environment.

Our goal of lowering our compensation to revenue ratio is always balanced with our stated objectives. Specifically, with respect to our recruitment and retention objective, our Compensation Committee has determined that the success of our business is based largely on the quality of our employees, and as such we must continually monitor the market for their services and seek to offer competitive compensation, because we believe it is in our stockholders' best interest to attempt to minimize employee turnover as a result of paying below market compensation. As a result, we will continue to review our compensation to revenue ratio on a quarterly basis, and there can be no assurance that we will be able to achieve our target levels under difficult market conditions.

Employee compensation and benefits as a percentage of total revenues was 68% in 2010 (excluding legacy deferred compensation expenses), and while high given the Company's revenues, the Compensation Committee deemed it acceptable in light of the Company's particularized circumstances during the continuing integration of Ramius and Cowen.

Setting Compensation

The Compensation Committee is responsible for approving the compensation paid to our named executive officers as well as certain other highly compensated employees. In making compensation determinations, the Compensation Committee reviews information presented to them by the Company's management, compensation peer group information, external compensation surveys for both investment banking and alternative asset management firms and the recommendations of a compensation consultant engaged by the Committee. The Compensation Committee reviews our compensation to revenue ratio on a quarterly basis and may adjust the targeted compensation to revenue ratio in order to maintain the Company's compensation philosophy of aligning the interests of our executive officers and our stockholders.

Involvement of Executive Officers

Our Chief Executive Officer, in consultation with our Chief Operating Officer, our Chief Financial Officer, our General Counsel and employees in our Human Resources department, assists the Compensation Committee with its work. These individuals assist the Compensation Committee by presenting information to the Compensation Committee and making recommendations for the Compensation Committee's review and consideration. Such information and recommendations include, among other things, the compensation that should be received by the executive officers and certain other highly compensated employees; performance evaluations by the Chief Executive Officer; financial information regarding the Company that should be reviewed in connection with compensation decisions; the firms to be included in a compensation peer group; and the evaluation and compensation process to be followed by the Compensation Committee. Our Chief Executive Officer is often invited to participate in Compensation Committee meetings; however, he recuses himself from all discussions regarding his own compensation.

Compensation Consultant

In 2010, the Compensation Committee engaged PricewaterhouseCoopers LLP, or PwC, as a compensation consultant to provide peer group analyses, competitive assessments and advice. At the request of the Compensation Committee, PwC assisted in the preparation of and reviewed certain Compensation Committee presentation materials (including the peer group data described below)

during 2010 and advised the Compensation Committee as to the competitiveness of the base salary and bonus recommendations presented by our Chief Executive Officer, and the competitiveness of the ultimate compensation levels approved by the Compensation Committee for each executive officer and certain other highly compensated employees.

PwC's fees related to providing advice to the Compensation Committee during 2010 were approximately \$25,000. Management reports on the scope of services and related fees to the Committee annually, but the decision to hire PwC for these services is made by management and/or the Audit Committee.

The characteristics of PwC's relationship with the Compensation Committee also comprise the following:

- The Committee, according to its charter, has "the sole authority to retain and terminate the third-party service provider, including the sole authority to approve the third-party service provider's fees and other retention terms. The Committee may also choose to delegate certain of its activities with regard to the third-party service provider to the Committee Chairman and/or representatives from the Company's management as appropriate."
- The PwC consultant providing services to the Compensation Committee reports directly to the Committee, has direct access to the Committee Chairman, and is not involved in providing any other services to the Company.
- PwC provides the Compensation Committee with data, analysis, and assessment of alternatives related to the amount and form of executive and director compensation, but does not provide recommendations on compensation decisions for individual executive officers.

Compensation Peer Group

In making compensation decisions for 2010, our Compensation Committee reviewed two sets of peer group data. One set of data included a compensation peer group of firms identified by management with which we compete for executive talent. For 2010, our compensation peer group consisted of Greenhill & Co., Inc., Jefferies Group, Inc., Lazard LLC, Gleacher, JMP Securities, Keefe Bruyette & Woods, Inc., Knight Capital Group, Piper Jaffray & Co., Stifel Financial, The Blackstone Group, Fortress Investment Group, GLG Partners and Och-Ziff. Management, together with PwC, gathered and provided information to the Compensation Committee relating to the compensation of the executive officers of these peer firms, including annual base salary, annual cash bonus, equity awards and all other compensation. The Compensation Committee considered this data when determining named executive officers' 2010 annual bonuses to ensure that our compensation levels were competitive relative to the compensation paid by our peer group.

The other set of peer group data consisted of external market surveys provided by MGMC, Inc. and McLagen, compensation advisory firms. MGMC primarily addresses broker-dealer activities and McLagen primarily addresses alternative asset management activities. These market surveys allowed the Compensation Committee to benchmark each executive officer's total compensation against that of certain boutique investment banks and global investment banks. For 2010, the boutique investment banks included the following firms: CIBC, Evercore, FBR Capital Markets, Gleacher, Greenhill, Jefferies Group, Inc., JMP Securities, Leerink Swann, Keefe Bruyette & Woods, Inc., Piper Jaffray & Co., RBC, Thomas Weisel Partners Group, LLC and Wells Fargo. The global investment banks included the following firms: Bank of America, Barclays Capital, Citigroup, Credit Suisse, Deutsche Bank, Goldman Sachs, JPMorgan Chase, Morgan Stanley and UBS. The McLagen Asset Management Firm survey included 111 asset management firms as well as data from 39 asset management firms with assets under management between \$1.5 billion and \$100 billion. We use these external market surveys because we compete with companies of various sizes for executive officers and

other senior employees. Each executive officer's total compensation for 2010, the performance of his respective business unit and his compensation recommendation by management to the Compensation Committee for 2010, were compared to: (i) the 2009 average, 25th, 50th and 75th percentile of total compensation of a similarly positioned executive officer at a boutique investment bank; and (ii) the 2009 average, 25th, 50th and 75th percentile of total compensation of an officer with similar functions (but not necessarily the same title) at a global investment bank or asset management firm. The Compensation Committee reviews such composite market data to determine the market median compensation paid to similarly situated executives. Market data are some of the many factors considered by the Compensation Committee when setting compensation, and the amount paid to each executive officer may be more or less than the composite market median based on the roles and responsibilities of the executive officer, experience level and other factors.

Compensation Program and Payments

Our executive compensation consists of base salary, an annual bonus paid in the form of cash and deferred equity awards, and certain limited perquisites and benefits. In addition, certain of our named executive officers are eligible to receive certain payments upon a termination or change in control.

Base Salary

The purpose of base salary is to provide a set amount of cash compensation for each executive officer that is not variable in nature and is generally competitive with market practices. We seek to limit the base salaries of our named executive officers such that a significant amount of their total compensation is contingent upon the performance of the Company and the named executive officer during the fiscal year. This was consistent with standard practice within the securities and asset management industries and we believe this allowed us to reward performance.

The base salary for each named executive officer in fiscal year 2010, other than Mr. Lasota, whose base salary is \$300,000 per year, is set out in his respective employment agreement and is described below. For 2011, the Compensation Committee determined to increase Mr. Cohen's salary from \$500,000 to \$950,000, Mr. Lasota's salary from \$300,000 to \$400,000, Mr. Solomon's salary from \$400,000 to \$600,000 and Mr. Strauss's salary from \$450,000 to \$600,000.

Annual Bonus and Other Incentive Compensation

The significant portion of total compensation our named executive officers are eligible to receive is in the form of a discretionary annual bonus. This is consistent with our view that a significant portion of compensation paid is to be based on the performance of the Company and of each executive officer. The annual bonus is paid partially in cash and partially in deferred equity in accordance with a distribution grid established by the Compensation Committee. Our senior management developed, and the Compensation Committee approved, an equity distribution grid that set forth the percentage of total compensation an employee would receive in the form of equity awards, in lieu of, not in addition to, a cash payment. The equity component of the annual bonus is subject to vesting schedules as discussed below. The equity distribution grid proposed by management for 2010 was discussed and ultimately approved by the Compensation Committee. For fiscal 2010, the equity distribution grid was set such that any employee, regardless of title, earning total compensation in excess of \$225,000 would, with rare exception, receive a percentage of his or her compensation over \$225,000 in the form of an equity award. According to the equity distribution grid approved by the Compensation Committee, the percentage of total compensation that must be paid in equity increases as total compensation increases. For example, according to the fiscal 2010 deferred equity grid, an employee earning in excess of \$250,000 in total compensation would receive at least 2.0% of his or her total compensation in the form of an equity award, while an employee earning \$1 million or more in total compensation would receive at least 30.5% of his or her total compensation in the form of an equity award. The

Compensation Committee evaluates the deferred compensation formula every year and makes necessary changes both to remain competitive with our peer companies and to continue aligning the interests of our executive officers' with the interests of our stockholders. The Compensation Committee believes that paying a meaningful portion of each such named executive officer's compensation in the form of deferred equity properly aligns management's long-term interests with the interests of our stockholders.

Equity awards relating to fiscal 2010 bonuses were approved in 2010 in the form of restricted stock units vesting as follows: 25% on September 1, 2011, 25% on June 1, 2012, 25% on June 1, 2013 and 25% on June 1, 2014. Management recommended, and the Compensation Committee approved, this vesting schedule, in part, to allow employees the opportunity to sell some portion of the equity award into cash during 2011 in order to satisfy potential cash needs.

At meetings held on December 8, 2010 and January 21, 2011, the Compensation Committee considered and discussed management's compensation recommendations for our named executive officers and certain other highly compensated employees and the Compensation Committee approved management's recommendations. All performance-based cash bonuses were paid and restricted stock units were awarded to our named executive officers relating to fiscal 2010 in February 2011, with the exception of Mr. Cohen, who received his restricted stock units award in March 2011. Mr. Lasota received a retention award in March 2011. Mr. Lasota's retention award will vest with respect to 25% on June 1, 2012, 25% on June 1, 2013 and 50% on June 1, 2014. To eliminate the impact that a significant price change in the market value of our Class A common stock may have on the number of restricted stock units that are intended to be delivered to an employee, the Compensation Committee approved valuing the restricted stock units using the volume-weighted average price for a five trading day period ending on January 28, 2011, which equaled \$4.60 per share.

Perquisites

Prior to the Transactions, Ramius provided certain perquisites, including reimbursement of group term life and long-term disability insurance and tax and financial planning expenses, and the Company continues to provide these perquisites to certain members of senior management, including Messrs. Cohen, Stark, Solomon and Strauss. In addition, Mr. Cohen and Mr. Strauss are provided with a car and driver for business use. Messrs. Cohen and Strauss reimburse the Company for personal use of the car and driver.

Fiscal-Year Compensation

No portion of the bonuses awarded in restricted stock units to our named executive officers for their fiscal 2010 performance is included in the Summary Compensation Table because the equity awards were made in 2011. The table below sets forth the total compensation awarded to the named executive officers for their fiscal 2010 performance. These amounts include base salary information and the grant date fair market value of the entire amount of the equity awards granted to the named executive officer in February 2011, as well as grants made to Messrs. Cohen and Lasota in March 2011. We believe this information is helpful to understanding how our compensation program rewarded our executive officers for their performance during fiscal 2010, and it reflects the way in which our

Compensation Committee views aggregate compensation for our named executive officers on a fiscal-year basis.

Determination of Annual Bonuses for 2010

When determining the amount of annual bonus to be paid for fiscal 2010, the Compensation Committee reviewed and considered the following information:

- the financial performance of the Company as a whole and each individual business unit compared to fiscal 2009;
- each named executive officer’s contributions to the Company’s growth initiatives in 2010;
- each named executive officer’s contributions to the integration of the Company’s businesses following the completion of the Transactions;

- historical compensation information for each executive officer;
- the Company's desire to retain certain key employees;
- recommendations of the Chief Executive Officer regarding total compensation of our named executive officers and certain other senior employees, which the Compensation Committee discussed with the Chief Executive Officer;
- the financial performance of the Company during 2010 compared to comparable public companies and other companies in the securities industry;
- external market surveys of total compensation paid by certain boutique investment banks, global investment banks and alternative asset management companies; and
- base salary, cash bonus, equity awards and all other compensation paid by the compensation peer group.

The following factors influenced the compensation for each named executive officer for 2010:

- *Peter A. Cohen, Chairman, Chief Executive Officer and President.* Mr. Cohen declined a performance-based cash bonus in 2010. The Compensation Committee considered Mr. Cohen's significant contributions with regard to the Company's continued integration of the Cowen and Ramius businesses, as well as his oversight of the Company's expansion initiatives in the alternative investment management and broker-dealer businesses and a reduction of non-compensation expenses in 2010.
- *Stephen A. Lasota, Chief Financial Officer.* Mr. Lasota improved upon the Company's public company financial reporting and risk management functions in 2010 and played the lead role in establishing procedures to ensure the Company's compliance with the Sarbanes Oxley Act of 2002.
- *David M. Malcolm, Former Chief Executive Officer and President of Cowen and Company, LLC.* On December 15, 2010, in connection with Mr. Malcolm's resignation from the Board of Directors, the Company entered into a letter agreement with Mr. Malcolm. Pursuant to the Letter Agreement, Mr. Malcolm was entitled to a bonus for calendar year 2010 equal to \$608,000. For more information, please see the section below titled "Narrative Disclosure to Summary Compensation Table and Grant of Plan-Based Awards Table—Employment Arrangements."
- *Jeffrey M. Solomon, Chief Operating Officer and Head of Investment Banking.* Mr. Solomon's compensation was influenced by his significant contributions to the Company's overall strategy as well as the improved performance and growth of the Company's investment banking and capital markets businesses. Through his leadership, the Company achieved increased market share in China and expanded its investment banking product offerings and reduced non-compensation expenses in 2010.
- *Morgan B. Stark, Chairman of Ramius Alternative Investments and Head of Macro Trading Strategy.* Mr. Stark's compensation was influenced by his leadership efforts relating to the Company's alternative investment management business and his oversight regarding the winding down of the Company's legacy multi-strategy products.
- *Thomas W. Strauss, Chief Executive Officer and President of Ramius Alternative Investments.* Mr. Strauss's compensation was influenced by his efforts expanding the Company's investment management business through the launch of the Company's first mutual fund and the formation of the Ramius Trading Strategies managed futures platform, as well as his leadership efforts relating to the integration of the Company's hedge fund and fund of funds business.

Based on this information, the Committee evaluated the performance of the chief executive officer and determined his annual performance-based compensation, assessed relative levels of responsibility and contribution during the year for each of the other named executive officers and approved 2010 performance-based compensation.

Employment Agreements

Each of our named executive officers, with the exception of Mr. Lasota, entered into an employment agreement with the Company on June 3, 2009 in connection with the Transactions. The agreements provide for base salary, annual bonus opportunities, and other benefits, contain customary restrictive covenants, and provide for benefits upon certain qualifying terminations of employment. The severance and change in control arrangements provided by these employment agreements were offered to the executive officers in contemplation of the Transactions in order to induce the named executive officers to accept or continue employment with the Company following the completion of the Transactions. Additionally, the severance and change in control arrangements are intended to retain our named executive officers and to provide consideration for certain restrictive covenants that apply following a termination of employment. These agreements were negotiated prior to the Transactions and the formation of the Compensation Committee and were ratified by our Board of Directors at a meeting held on November 5, 2009. For more information, please see the section below titled “Narrative Disclosure to Summary Compensation Table and Grant of Plan-Based Awards Table—Employment Arrangements.”

Mr. Malcolm’s Resignation Agreement

On December 15, 2010, Mr. Malcolm resigned from the Company’s Board of Directors and Executive Management Committee and Operating Committee and notified the Company of his intent to retire from his full-time duties with the Company effective February 1, 2011. In accordance with the terms of his employment agreement, which provided that he would be employed by the Company as a senior advisor beginning on the date of his retirement and for three years thereafter, on December 15, 2010, the Company entered into a letter agreement with Mr. Malcolm establishing the terms and conditions of his senior advisor engagement. For more information, please see the section below titled “Narrative Disclosure to Summary Compensation Table and Grant of Plan-Based Awards Table—Employment Arrangements.”

Tax Deductibility under Section 162(m) of the Internal Revenue Code

The Internal Revenue Service, pursuant to Section 162(m) of the Internal Revenue Code of 1986, as amended, generally disallows a tax deduction for compensation in excess of \$1.0 million paid to our Chief Executive Officer and to certain other executive officers whose compensation is required to be reported to our stockholders pursuant to the Exchange Act by reason of being among our four most highly paid executive officers. Our 2010 Equity and Incentive Plan is designed to qualify compensation awarded under our annual incentive program as “performance based” to ensure that the tax deduction is available to the Company.

In the event that the employment of any of these executives is terminated due to his death or disability, he or his estate will be entitled to the accrued obligations and the Equity Benefits. Messrs. Cohen, Stark, and Strauss are subject to non-competition and non-solicitation obligations during employment, and non-solicitation obligations for one year following a termination of employment for any reason. The employment agreements with Messrs. Cohen, Stark, and Strauss do not contain any provisions that provide for payments to be made upon a change in control.

Employment Arrangements with David M. Malcolm. During 2010, the Company was party to an employment agreement with Mr. Malcolm, which became effective on November 2, 2009, upon the closing of the Transactions. The agreement provided that, upon an involuntary termination (as described above with respect to the agreements for Messrs. The agreement also provided that in the event that Mr. Malcolm was terminated due to his death or disability, he or his estate would be entitled to the accrued obligations and the Equity Benefits, as well the vesting of his interest in Cowen Healthcare Royalty Partners. Upon a change in control of the Company, Mr. Malcolm would be entitled to accelerated vesting of the shares of restricted stock that were granted to him pursuant to his employment agreement. Additionally, all outstanding equity awards would vest in accordance with the applicable grant agreement upon a change in control of the Company.

On December 15, 2010, in connection with Mr. Malcolm's resignation from the Board of Directors, the Company entered into a letter agreement (the "Letter Agreement") with Mr. Malcolm, which supersedes any and all of Mr. Malcolm's prior employment agreements and letters relating to Mr. Malcolm's employment. Pursuant to the Letter Agreement, Mr. Malcolm agreed to retire from his full time duties with the Company effective February 1, 2011 (the "Effective Date"), at which time, and continuing for sixty (60) months from such date (the "Term"), the Company shall employ Mr. Malcolm as a Senior Advisor. Pursuant to the Letter Agreement, Mr. Malcolm was entitled to a bonus for calendar year 2010 equal to \$608,000, as well as a base salary of \$650,000 per annum, commencing from the Effective Date until the second anniversary of the Effective Date, and \$400,000 per annum, commencing from the second anniversary of the Effective Date until the fifth anniversary of the Effective Date, and continued eligibility to participate in the Company's medical plans during the Term. The Letter Agreement also includes customary restrictions on the disclosure of confidential information, non-solicitation (which survives for two years following the end of the Term), and non-competition (which survives for one year following the end of the Term).

Senior Advisor Agreement with Mr. Stark. In addition to the above, the employment agreements with Mr. Stark provides that upon his retirement on or after December 31, 2010, he will be employed by the Company as a senior advisor beginning on the date of his retirement and for three years thereafter, which employment will be governed by a senior advisor agreement. These agreements provide for an annual base salary of \$750,000, Company-provided health and medical benefits Mr. Stark, his spouse, and his dependents during the three-year term (to the extent permitted by the terms of the applicable plans), and continued vesting of equity awards. In addition, the agreement provide that if the Company undergoes a change in control during the term of his employment as a senior advisor, he will be entitled to a lump sum cash payment equal to the unpaid balance of his base salary for the remainder of the three-year term. This agreement also subjects Mr. Stark to non-solicitation obligations during the term of his employment and for two years thereafter, and non-competition obligations during the term of his employment and for one year thereafter.

RAPP Program. Pursuant to the terms of his employment agreement, Mr. Strauss is eligible to participate in the employee profit participation plan of Ramius Alternative Solutions, LLC, a subsidiary of Ramius, known as the RAPP Program, which is offered to certain key employees. The RAPP Program provides for the granting of equity interests in related entities with initial grant values based on a certain percentage of profits of Ramius Alternative Solutions LLC. One half of the amount granted represents equity units in one of the consolidated fund-of-funds products managed by Ramius Alternative Solutions LLC chosen by senior management. The other half of the amount granted represent equity units of the Company. No amounts were earned by Mr. Strauss under the RAPP Program in respect of 2010 performance.

2010 Equity and Incentive Plan

Effective as of June 7, 2010, the Company adopted the 2010 Equity and Incentive Plan (the “2010 Plan”).

The 2010 Plan initially reserved 7,500,000 shares of Class A common stock for delivery to participants and their beneficiaries under the 2010 Plan, subject to adjustment in the event of any stock split, reverse stock split, stock dividend, recapitalization, combination of shares, reclassification of shares, spin-off, or other similar change in capitalization or event. Additionally, commencing on January 1, 2011 and on the first day of each fiscal year of the Company thereafter during the term of the 2010 Plan, additional shares of common stock representing seven and one-half percent (7.5%) of our shares of common stock outstanding on such date, less shares then available for issuance under the 2010 Plan, will automatically become available for grant or settlement of awards. Shares delivered under the 2010 Plan may be either treasury shares or newly issued shares. For purposes of determining the remaining ordinary shares available for grant under the 2010 Plan, if any shares subject to an award are forfeited, cancelled, exchanged, or surrendered, or if an award terminates or expires without a distribution of shares, those shares will again be available for issuance under the 2010 Plan. However, shares of stock that are exchanged by a grantee or withheld by us as full or partial payment in connection with any award under the 2010 Plan, as well as any shares of stock exchanged by a grantee or withheld by us to satisfy the tax withholding obligations related to any award under the 2010 Plan, will not be available for subsequent awards under the 2010 Plan.

The 2010 Plan provides that generally, unless otherwise determined by the Compensation Committee or as set forth in an award or employment agreement, in the event of a change in control (as defined in the 2010 Plan), all outstanding awards shall become fully vested and exercisable and all restrictions, forfeiture conditions or deferral periods on any outstanding awards shall immediately lapse, and payment under any awards shall become due.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Compensation Committee Interlocks and Insider Participation

The Compensation Committee is comprised entirely of non-employee directors, none of whom has ever been an officer or employee of the Company and none of whom had any related person transaction involving the Company. None of our executive officers (1) served as a member of the board of directors or compensation committee of any other entity that had one or more of its executive officers serving as a member of our Compensation Committee or (2) served as a member of the compensation committee of any other entity that had one or more of its executive officers serving as a member of our Board during 2010.

Transactions with Related Persons

Related Transactions Involving Our Executive Officers

Side-by-Side Investments

To the extent permissible by applicable law, our principals and certain eligible employees, as well as such individuals' immediate family members and other investors they refer to us, have historically been permitted to invest their own capital either directly in, or in side-by-side investments with, our alternative investment management funds. Side-by-side investments are investments in assets substantially similar to the investments of the applicable fund. Direct investment in, or side-by-side investments with, our funds by such individuals are generally made on the same terms and conditions as the investments made by other third party investors in the funds, except that such investments are subject to discounted management and performance fees. Certain Company employees who are eligible to make such investments will be permitted to invest their own capital either directly in, or in side-by-side investments with, our funds on the same terms currently available to our employees.

Employment Arrangements

Andrew Cohen, the son of Peter A. Cohen, is a Managing Director of Ramius, and earned approximately \$1,000,000 in 2010.

Services Agreement with RCG

The Company and RCG are parties to a services agreement, under which the Company provides certain services (including accounting services, distribution of annual statements to members of RCG, maintenance and storage of RCG books and records, and coordination services relating to the sale and distribution of restricted shares of our Class A common stock held by RCG), to RCG for a total annual cost to RCG not to exceed \$12,000, for a term not to exceed four years from the closing of the Transactions and terminable upon the mutual agreement of both parties.

Review and Approval of Transactions with Related Persons

To minimize actual and perceived conflicts of interests, our board of directors has adopted a written policy governing transactions in which the Company is a participant, the aggregate amount involved is reasonably expected to exceed \$120,000, and any of the following persons has or may have a direct or indirect material interest in the transaction: (a) our executive officers, directors (including nominees) and certain other highly compensated employees, (b) stockholders who own more than 5% of our common stock, and (c) any child, stepchild, parent, stepparent, spouse, sibling, mother-in-law, father-in-law, son-in-law, daughter-in-law, brother-in-law, or sister-in-law or person (other than a tenant or employee) sharing the same household of any person described in (a) or (b) above. These transactions will be considered “related person transactions.”

Unless exempted from such policy as described below, the policy requires that related person transactions must be reported to our General Counsel or Chief Compliance Officer who will then submit the related person transaction for review by our Audit Committee. The Audit Committee will review all relevant information available to it and will approve or ratify only those related person transactions that it determines are not inconsistent with the best interests of the Company. If our General Counsel or Chief Compliance Officer determines that advance approval of a related person transaction is not practicable under the circumstances, the Audit Committee will review, and, in its discretion, may ratify the related person transaction at its next meeting, or at the next meeting following the date that the related person transaction comes to the attention of our General Counsel, Deputy General Counsel or Chief Compliance Officer. However, the General Counsel or Chief Compliance Officer may present a related person transaction that arises between Audit Committee meetings to the Chair of the Audit Committee, who will review and may approve the related person transaction, subject to the Audit Committee’s ratification at its next meeting.

It is anticipated that any related person transaction previously approved by the Audit Committee or otherwise already existing that is ongoing will be reviewed annually by the Audit Committee to ensure that such transaction has been conducted in accordance with the previous approval granted by the Audit Committee, if any, and that all required disclosures regarding the related person transaction are made.

In addition to the transactions that are excluded by the instructions to the SEC’s related person transaction disclosure rule, the board anticipates it will determine that the following transactions do not create a material direct or indirect interest on behalf of related persons and, therefore, are not related person transactions for purposes of the policy:

- interests arising solely from the related person’s position as an executive officer of another entity (whether or not the person is also a director of such entity), that is a participant in the transaction, where (a) the related person and all other related persons own in the aggregate less than a 10% equity interest in such entity, (b) the related person and his or her immediate family members are not involved in the negotiation of the terms of the transaction and do not receive any special benefits as a result of the transaction, (c) the amount involved in the transaction equals less than the greater of \$200,000 or 5% of the annual gross revenues of the company receiving payment under the transaction;
- a transaction with a significant stockholder, or such stockholder’s immediate family members, who has a current Schedule 13G filed with the SEC with respect to such stockholder’s ownership of our securities; and
- a transaction that is specifically contemplated by provisions of our charter or bylaws.

The policy provides that transactions involving compensation of executive officers shall be reviewed and approved by the Compensation Committee in the manner specified in its charter.

Auditor Services Pre-Approval Policy

The Audit Committee has adopted an Audit Committee Policy Regarding Outside Auditor Services which includes a pre-approval policy that applies to services performed for the Company by our independent registered public accounting firm. In accordance with this policy, we may not engage our independent registered public accounting firm to render any audit or non-audit service unless the service was approved in advance by the Audit Committee or the engagement is entered into pursuant to the pre-approval policies and procedures described below. However, no pre-approval is required with respect to services (other than audit, review or attest services) if (i) the aggregate amount of all such services is no more than 5% of the total amount paid by us to the independent registered public accounting firm during the fiscal year in which the services are provided, (ii) such services were not recognized at the time of engagement to be non-audit services and (iii) such services are promptly brought to the attention of the Audit Committee and approved by either the Audit Committee or the Chairperson of the Audit Committee prior to completion of the audit. During fiscal 2009, no fees were approved by the Audit Committee pursuant to this exemption.

The pre-approval policy delegates to the Chairperson of the Audit Committee the authority to pre-approve any audit or non-audit services, provided that any approval by the Chairperson is reported to the Audit Committee at the Audit Committee’s next regularly scheduled meeting. The Audit Committee may also pre-approve services that are expected to be provided to the Company by the

independent registered public accounting firm during the next 12 months and at each regularly scheduled meeting of the Audit Committee, management or the independent registered public accounting firm must report to the Audit Committee each service actually provided to the Company pursuant to the pre-approval.

Our Audit Committee has determined that the provision of the non-audit services described in the table above was compatible with maintaining the independence of our independent registered public accounting firm. The Audit Committee reviews each non-audit service to be provided and assesses the impact of the service on the registered public accounting firm's independence.

The Board of Directors recommends that you vote FOR ratification of the selection of PricewaterhouseCoopers LLP as the independent registered public accounting firm of Cowen Group, Inc. and our subsidiaries for the year ending December 31, 2011. The affirmative vote of the holders of a majority of our outstanding shares of Class A common stock voting on the proposal is required to ratify this selection. Proxies will be voted FOR ratification of this selection unless otherwise specified.

ITEM 3—ADVISORY VOTE ON EXECUTIVE COMPENSATION

Under the rules promulgated by the SEC, the Company is required to provide its stockholders with the opportunity to cast an advisory vote on the compensation program for the Company's named executive officers. This proposal is frequently referred to as a "say-on-pay" vote. The Company is presenting the following proposal, which gives stockholders of the Company the opportunity to cast an advisory vote with respect to the compensation program for our named executive officers as described herein. Accordingly, we ask our stockholders to vote, on an advisory basis, on the following resolution.

RESOLVED, that the compensation paid to the Company's named executive officers, as disclosed pursuant to Item 402 of Regulation S-K, including the "Compensation Discussion and Analysis," compensation tables and narrative discussion and any related material contained in this Proxy Statement, is hereby APPROVED.

Our stockholders are urged to read the "Compensation Discussion and Analysis" section of this Proxy Statement which discusses our compensation practices and methodologies.

Because this vote is only advisory in nature, it will not be binding on the Company. Our Board will consider the results of this stockholder vote in determining future compensation programs for our named executive officers. However, these programs may not change even if stockholders vote against this proposal.

The Board unanimously recommends that you vote "FOR" advisory approval of the resolution set forth above.

Unless you specify otherwise, the Board intends the accompanying Proxy to be voted for this item.

**ITEM 4—ADVISORY VOTE ON THE FREQUENCY OF ADVISORY VOTES TO APPROVE THE
COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS**

Under the rules promulgated by the SEC, we are required to hold an advisory stockholder vote to determine the frequency of the advisory stockholder vote on the compensation of the Company’s named executive officers, such as Item 3 of this proxy statement, for future annual stockholder meetings (or special stockholder meetings) for which the Company must include executive compensation information in the proxy statement for that meeting at least once every six years. By voting on this proposal, stockholders may indicate whether they would prefer an advisory vote on the compensation program for our named executive officers once every one, two or three years, or they may abstain from voting.

After careful consideration of this Proposal, our Board of Directors has determined that an advisory vote on executive compensation that occurs every three years is currently the most appropriate alternative for the Company so that stockholders may express their views on the Company’s executive compensation program. Therefore, our Board recommends that you vote to recommend that future advisory votes regarding the compensation program for our named executive officers be held every three years. The proxy card provides stockholders with four choices (every one, two or three years, or abstain).

This vote will not be binding on us and is only advisory in nature, and our Board may decide that it is in the best interests of our stockholders and the Company to hold future advisory votes on our compensation programs less frequently than the option recommended. However, our Board will carefully consider the results from our stockholder vote regarding the frequency of advisory votes with respect to the compensation program for our named executive officers in determining whether future votes will be held annually, biennially or triennially.

The Board unanimously recommends that you vote for the frequency of “THREE YEARS” with respect to the frequency of holding future advisory votes regarding the compensation of our named executive officers.

Unless you specify otherwise, the Board intends the accompanying Proxy to be voted for the frequency of “THREE YEARS” for this item.

However, in the event that the next annual meeting of stockholders is called for a date that is not within 30 days before or after the first anniversary of the date of this year's annual meeting, the proposal must be received no later than a reasonable time before the Company begins to print and mail its proxy materials.

HOUSEHOLDING

The SEC has adopted rules that permit companies and intermediaries such as brokers to satisfy delivery requirements for proxy statements and annual reports with respect to two or more stockholders sharing the same address by delivering a single proxy statement or annual report, as applicable, addressed to those stockholders. This process, which is commonly referred to as “householding,” potentially provides extra convenience for stockholders and cost savings for companies. Currently, only brokers household our proxy materials and annual reports, delivering a single proxy statement and annual report to multiple stockholders sharing an address unless contrary instructions have been received from the affected stockholders.

If, at any time, you no longer wish to participate in householding and would prefer to receive a separate proxy statement or annual report, or if you are receiving multiple copies of either document and wish to receive only one, please contact your broker. Any householded stockholder may request a copy of the proxy statement and/or annual report by contacting us in writing or by telephone at Cowen Group, Inc., Attention: Investor Relations, 599 Lexington Avenue, New York, New York, 10022, (646) 562-1983. We will deliver promptly upon written or oral request a separate copy of our annual report and/or proxy statement to a stockholder at a shared address to which a single copy of either document was delivered.

OTHER MATTERS

We do not know of any other matters that may be presented for consideration at the annual meeting. If any other business does properly come before the meeting, the persons named as proxies on the enclosed proxy card will vote as they deem in the best interests of Cowen Group, Inc.
